Sithrah

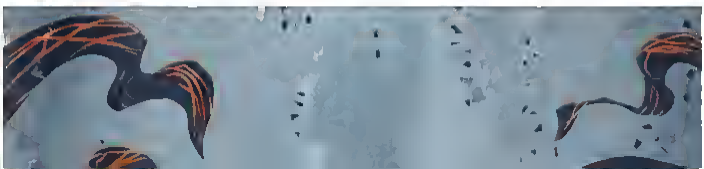
Q & A #2

Hi, all you wonderful Webtooners! I'm Jason Brubaker, the creator of Sithrah.

You have just finished reading book 3 of Sithrah and so it's time for a break to answer some questions and look at more fan art!

To start things off here is a great piece of fan art by

Austin Shurtliff!



Here is another one by
Laurence Dionne!

You guys are really talented! I love the use of colors and textures.

Here is another one by Jiin of Simon the cat.

Cailee asks:

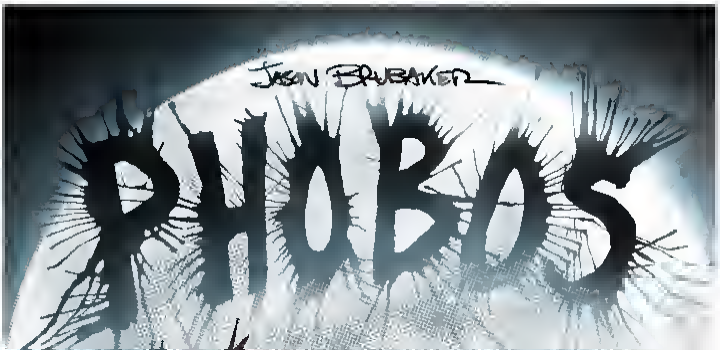
What's with Simon (the cat) being in all of your comics?

That's a good one. Well, honestly I don't know why but I have been drawing cats in my comics for the last 25 years.
Here is an old comic called Phobos that has a cat as the bad guy.
MEANWHILE IN NEW YORK CITY...
Did you find someone for the job yet?
Well...
"Well's" aren't good enough! If we don't find a bounty hunter to carry out this mission soon --
-- then we may never find Dr. Defer again!
But why must we find Dr. Defer, Sir?
Because he was my first master!
Oh-a-yeah, I forgot
I'm warning you, one more stupid question and I will have you banished from the earth...

...Well, Once I find a new Evil World Dictator that I can proudly sit beside.
Sorry, Spiss. It wont happen again It's just that I'm new to the idea of having a cat for a boss

I drew this while in high school at the age of 18. I think I'll be relaunching this old comic after I finish Sithah.

In fact here is a newer version of the cover. (with the same cat)



See, there he is!

Obviously the cat is the main character of my last series called reMIND.
His name was Victuals in reMIND.

I have several more comic stories that I plan to tell and they all have this same cat in them somehow.

I've even branded my publishing company with this cat image. See!

Now back to the Q&A.

Marte
I really want to know who and what Sithra is! Why is he assigned to Nirvana?? There's got to be a really interesting reason!

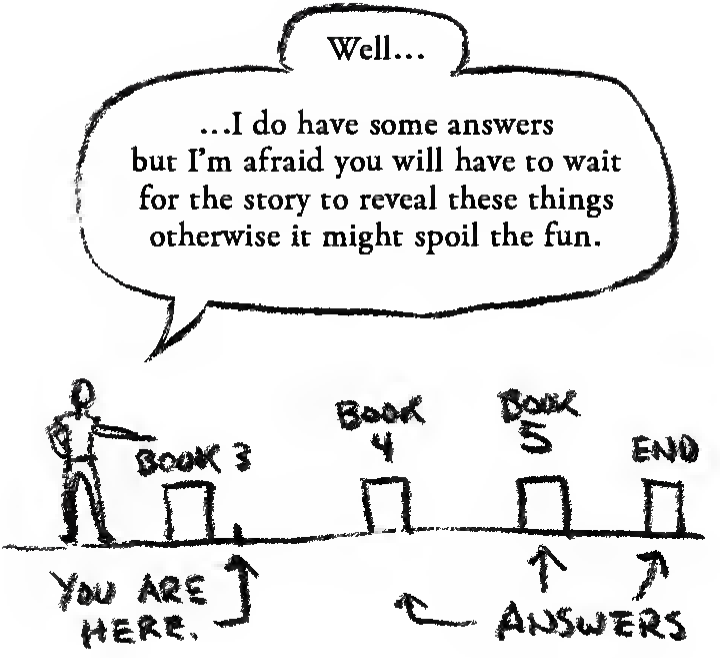
Jasmin H
notice that the farmers dont have a sithra

문씨
I'm still wondering why only Vonna and that old man with a truck have sithrah and the rest don't.

Mikaila Hudson
didn't she get bitten by a weeble before the plane ride?? Is that why she can see the Sithrah?

tglib
Author Sithra is interesting. I'd like to know why Nirvana alone can interact with them.

Who gets a Sithrah and why?



Well...
...I do have some answers but I'm afraid you will have to wait for the story to reveal these things otherwise it might spoil the fun.

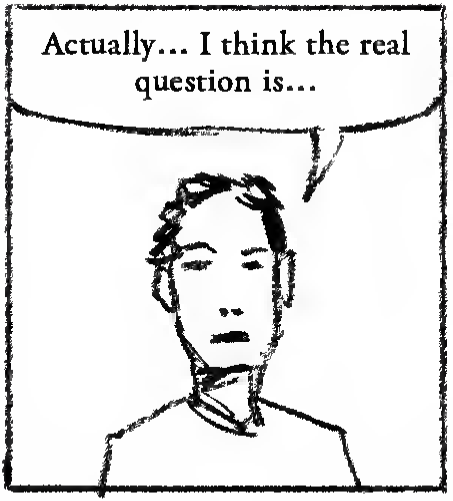
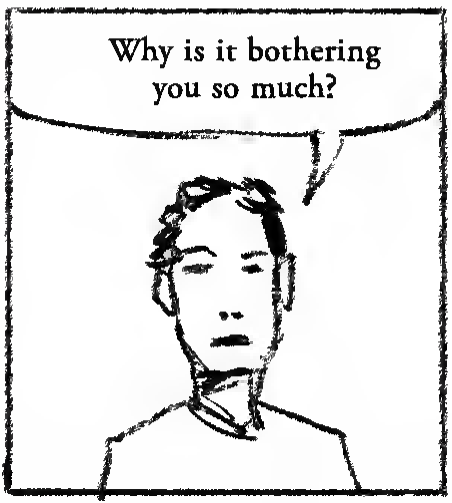
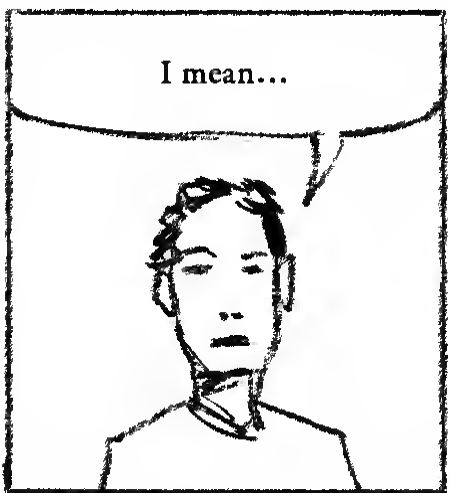
TOP so the spoiled brat who deserves it falls in, asks for help when she herself refused it before then has to get everyone rushing around to save her sheesh



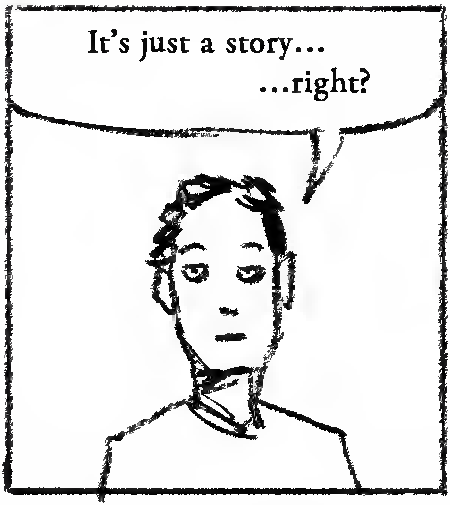
Actually... I think the real question is...



Why is it bothering you so much?



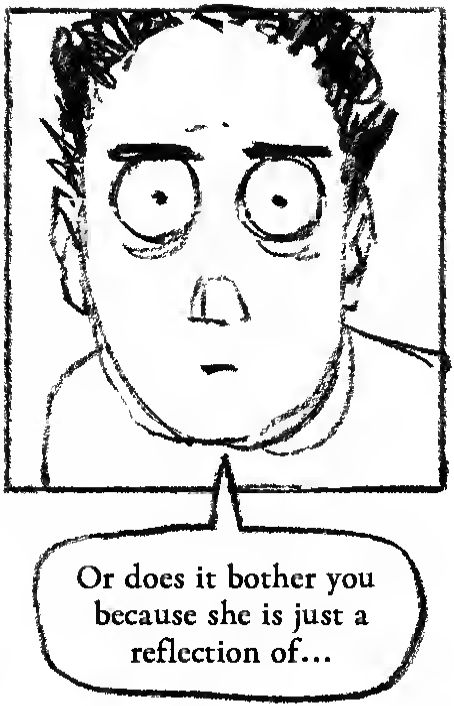
I mean...



It's just a story...
...right?

Or...

Is it?



Or does it bother you because she is just a reflection of...

YOU!!!

Kabelo asked:

What does it mean to you to be a Webtoons featured artist?

It means a great deal to me because for the longest time I have worked on comics as a hobby in hopes of being able to one day make a living from it.

Webtoons has not only provided that living for me but they have also created an opportunity for me to be able to get books done much faster.

Kabelo also asked:

How has crowdfunding influenced your work?

Crowdfunding changed my whole perspective on doing personal projects.

I saw that my fans would actually pay for my stories and ever since my first campaign I have built it into my business plan.
